

TRANSITION PLYMOUTH presents:

# PLYMOUTH COUNCIL

## Planning for Life or for Profit?

### A PUBLIC DISCUSSION

*Plymouth City Council has a growth agenda: 33,000 new homes, 42,000 new jobs and an increase in population to over 300,000 by 2031.*

*It has created its "GAME Programme" to commercialise services, make profits, and aims to spend less funds in the community.*

*How is the GAME programme intended to work? Who is going to benefit from it? What are our priorities for the work of the Council? Would we insist that all new homes are environmentally friendly? How will this plan be addressing Climate Change and our community well-being? Can we create a blueprint for a sustainable council which satisfies our needs and aspirations?*

*Come and share together ideas, proposals, questions about this important topic.*
